### WEST'S STATEMENT GALLS GLASSMANN

Mayor-Publisher Endeavors to  
Discount Effect by Garbling  
Engineer's Remarks.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—With a misstatement as bold as the headlines that carried it, William Glasmann, mayor of Ogden, and publisher of the Ogden Standard, today designated a statement made by Engineer Joseph A. West, published in The Herald-Republican this morning, as a fake, and falsely quoted that gentleman to support the misstatement.

The statement in question accused Glasmann of fraud in falsely misrepresenting Ogden's water rights to the citizens in an attempt to win on the \$100,000 bond issue, and came to the Ogden representative of The Herald-Republican through the mail. It is but a duplicate of what Mr. West and a number of prominent men plan to issue in circular form and scatter broadcast over the city in an attempt to prevent what they allege to be serious mistake in the policy of the Ogden mayor.

Over his signature, Engineer West tonight declared that the statement had been issued by him as his private view of the matter. He further declared that he was heartily opposed to Glasmann's plan of spending the \$100,000, and that the latter had misconstructed an article sent to the Ogden Standard by West, so as to falsely represent his views. Mr. West, despairing of gaining any honest publicity of his views in the Ogden press, turned to The Herald-Republican.

**Quotes Him Falsely.**  
In an attempt to substantiate his misstatement today, Glasmann printed a statement given out by Engineer West August 24, in which the prominent engineer was falsely quoted as being in favor of the bond issue. Mr. West today unequivocally denied this, and stated that until the city has acquired proper water rights the building of the new conduit would be foolhardy.

**West's Statement.**  
Engineer West's signed statement is as follows:

"A prominent official of the Ogden Rapid Transit company called me at Brigham ward on the phone this morning, and after reading The Herald-Republican statement regarding the water bond issue, asked if I, as chief engineer of said company, had authorized same, to which I replied that I had not, but that as a private citizen I had allowed a communication to be sent to The Herald-Republican representative of my views, and those of many leading citizens that would probably appear in tomorrow's issue, substantially covering the same ground that I had never seen, neither do I think that I personally know the representatives of that paper.

"It was not, and it is not now my wish, to in any way involve the Ogden Rapid Transit company, of which company I am not an officer, in this controversy, for I do not know what its position may be upon this subject. It is enough for me to know that I have stated the facts as I understand them, and as every citizen has a perfect right to do without fear or expected favor from anyone.

"If you will read my last letter to the Standard upon this subject, and then note the contradictory and misleading headlines supplied by the editor and the closing editorial comment, you will see how difficult it is to get one's views properly presented through a paper that is controlled by a different policy than the one advocated.

JOSEPH A. WEST."

### DEAF, DUMB AND DEMENTED

Nothing Can Be Learned of Ogden Woman But Her Name.

Ogden, Sept. 3.—A demented woman who is also deaf and dumb, was taken to police headquarters this evening after terrorizing a number of women on Adams avenue between Twenty-fourth and Twenty-fifth streets, by entering the various houses on the street.

When taken to the station she was unable to speak and apparently could not hear. She however, wrote her name as "Mrs. Cummings" which was all that could be learned about her. She is being held pending an investigation as to her sanity.

## YOUTHFUL OFFENDERS

Ogden's Juvenile Court Perplexed  
With Children Charged  
With Burglary.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—The county jail houses four juvenile offenders, three of them girls under 18 years, and the fourth a boy of 13, Frank Faggin by name, who is charged with daylight burglary of a residence and numerous other thefts. Young Faggin entered the home of A. W. Breerton, 3512 Ogden avenue, two days ago, during the absence of the family, and stole a small amount of money, three guns and other articles. The youthful burglar took his loot in the back yard and proceeded to practice revolver shooting, with the house for a target.

Aside from the feminine problems facing the juvenile court in the persons of Laraine King and Maggie Massa, who were arrested several days ago, charged with stealing a gold watch from the home of C. P. Dye, Margaret Griffin has been added to the juvenile ward of the county jail. The Griffin girl, 16 years old, has a penchant for obtaining livery rigs under false pretenses. A number of times she has ordered livery rigs to be sent to certain localities, and after hours, has left them to wander about the streets.

## PROSECUTION GOES ON

Prosecutor Disputes Story of Attorney  
For Defense That Others Will  
Be Dropped.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—The gambling cases which have occupied the attention of police court for two weeks, and which resulted in the conviction of Richard Tyree and E. A. Smith on charges of keeping gambling houses, are to be carried to the supreme court. Immediately following the pronouncing of a \$125 fine against E. A. Smith by Judge J. D. Murphy this morning, Attorney A. G. Horn, for the defense, gave notice of appeal.

Horn announced today that there would be no more gambling prosecutions resulting from the Betterment league raid, and that the remaining cases against gamblers would be dropped.

City Attorney J. H. Devine expressed an opposite view, announcing that every case growing out of the raid would be brought to trial and the prosecution pushed without slack. He says the case against the St. Louis gambling hall proprietors will be brought into court next week.

## THE ECCLES AT HOME

Reports of Attempt to Smuggle Coat  
All Fabrications, Declares  
Mr. Eccles.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—Mr. and Mrs. William Eccles and family returned to Ogden today after an extended trip abroad. They have spent the summer in touring Europe in an automobile. Speaking of the reports sent out from New York to the effect that Mrs. Eccles had attempted to smuggle a sealskin coat into the country, Mr. Eccles said:

"The dispatches sent out were very much exaggerated, as the differences between Mrs. Eccles and the officials at the port of entry were merely as to where the coat had been purchased. The officials were finally convinced that the coat had not been purchased abroad and was finally admitted without duty."

## FINGERS SAVE LIFE

Bricklayer Grasps Wire in Flight,  
Breaking Force of Fall.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—Grabbing a wire on his downward flight, Edward Slagle, a bricklayer, had two of his fingers torn off last night, and thereby saved his life. Slagle was working on a smokestack in the railroad yards when the scaffold gave way. As he fell Slagle reached out blindly, and halfway down he struck a heavy wire. So great was his speed that the wire caught through the fingers of his right hand like a razor. The force of his fall was broken, however, and Slagle picked himself up from the roof on which he had alighted unhurt, with the exception of the injuries to his hand.

## MAYOR'S SON PINCHED.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—"Bill" Glasmann, Jr., son of the mayor, is charged with shooting two grouse out of season at Huntsville yesterday. The complaint was sworn to in the juvenile court today. George Stoker, game warden, made the arrest and swears to the complaint. Young Bill, while hunting, is said to have overlooked the law prohibiting the killing of grouse this year.

## POTATO MONEY GONE.

(Special to The Herald-Republican.)  
Farmington, Sept. 3.—A. B. Richardson of Farmington was relieved of \$3.30 in Salt Lake Thursday morning while selling potatoes at the old Continental market. Three Greeks, who purchased several bushels from him, offered a \$20 bill in payment. Shortly after the transaction Mr. Richardson missed his purse and discovered that most of the potatoes the Greeks had purchased were still there. He immediately notified the officers, but as yet the thieves have not been apprehended.

## HEART TROUBLE KILLED HIM.

(Special to The Herald-Republican.)  
Bingham, Sept. 3.—Edward Oakes, for a number of years a resident of Bingham, died at his home at 8 o'clock this morning of organic heart trouble. He leaves a widow and five children, the eldest 18 years of age. No arrangements have been made for the funeral. He was 49 years of age, and has resided in camp seven years, coming here from Park City. He was a miner by occupation.

## NEWS OF UTAH AND ADJOINING STATES

### MYTON IS HAPPY OVER NEW BRIDGE

September 15 Set as the Date  
of Dedication and Prominent  
Men Will Speak.

(Special to The Herald-Republican.)  
Myton, Sept. 3.—An epoch in the industrial life of this part of the state will be celebrated on September 15, when the \$25,000 government bridge across the Duchesne river will be dedicated with a program of speeches by men prominent in state and national life. Senator Reed Smoot, chiefly responsible for the building of the bridge here, will make the oration of the day, and others who will speak are Senator George Sutherland, Congressman Joseph Howell and Governor William Spry. Besides these, men prominent in business life in this section of the state will also make addresses.

#### Helps Build Town.

Though the bridge spans the Duchesne river at this point, it will not alone build up this new town, but will be of great importance in the building of this section of the state. For years it has been needed, but never so much as during the activity of the last few years since the country was opened and many homes established. It was through the work of Senator Smoot and the other members of the Utah delegation in Congress that the appropriation for the bridge was made. It is for that reason that the Myton Commercial club went after Senator Smoot to make the principal speech of the day. Governor Spry, Senator Sutherland and Congressman Howell will come to Myton with several other men from Salt Lake for the celebration here.

Following the exercises in connection with the dedication of the bridge here a celebration will be held in Myton, when the city water works will be opened.

On September 14, the day before the dedication of the bridge, Myton will celebrate the anniversary of the opening of the reservation to settlement. In the afternoon a conference of the Mormon church will be held, and in the evening the Commercial club will give a banquet in honor of the distinguished guests.

## FOURTH DISTRICT COURT GRINDING OUT CASES

Many Matters of Estates Brought  
Before the Court for  
Consideration.

(Special to The Herald-Republican.)  
Provo, Sept. 3.—In the Fourth district court this morning a writ of attachment was issued for William C. Jensen in the suit of Alice Jensen vs. William C. Jensen, on a citation for defendant to appear today to show cause why he should not be adjudged guilty of contempt for failure to pay a certain amount of money awarded plaintiff in a separate maintenance suit. Jensen is from Salt Lake, and is studying law at Ann Arbor. He was in Salt Lake on a vacation when the order to show cause was made, and he is now believed to have returned to Ann Arbor.

The following orders have been made in the Fourth district court: Estate of Branch Young, deceased; testimony of protestants to petition of executors for allowance of final account heard, and matter taken under advisement.

### STILL PAYING TAXES

Little Town of Huntsville Has Too  
Many Assets.

(Special to The Herald-Republican.)  
Ogden, Sept. 3.—Huntsville, the little reincorporated city of the mountains, is finding that living expenses go right on just the same, in spite of the order of the district court dissolving the municipality as an incorporation and doing away with the city taxes.

Today the Utah Light & Railway company filed a claim against the city for a \$62 lighting bill. Although the claim came in after the legal time set for the presentation of claims, it is likely that it will be included in the list of liabilities, for the payment of which the inhabitants of the erstwhile town are to disgorge a 20-mill tax every year for four years.

## SOURCE DISCOVERED

Police Officials Believe They Know the  
Perpetrators of Several  
Robberies.

(Special to The Herald-Republican.)  
Helper, Sept. 3.—Diligent work on the part of Detective Thomas Burge and Marshal Dalpas conclusively proves that the many recent burglaries perpetrated here and in this vicinity are the work of "yeggs" who are plying their vocation between Salt Lake and Denver, and in consequence a bitter warfare will henceforth be waged against all of that fraternity who decide to visit this territory.

The recent burglary committed in the local Denver & Rio Grande hotel, in which the apartment occupied by W. S. Leonard, a traveling salesman, was entered and over \$500 in money and articles were taken, has been traced to "yeggs" known in police circles as "Baltimore Blackie" and "Dago Slim." Both these men were seen in this vicinity on the night of the burglary, and from evidence now in the possession of the local officers the burglary has been fastened upon them. Both Burge and Dalpas have been in Salt Lake this week looking for these men, of whom a general description has been scattered throughout the state.
